Meet a melange family with solid details. The Polo shirt Larkwood, the Tee Portwillow and the fleecelined hoodie Parkwick all show that they share DNA.

WE ARE

We like the consistency and coherence. Garments which strengthens and develops the same expression. Therefore, we created groups of garments which we have coordinated color, contrast and image. Here you can find a selection of these.

Avon polo shirt and sweatshirt cardigan Nova Hill share contrast and color spectrum. Available in both men's and women's models.

The polo shirts Anderson / Antreville are associated with the piqué weave cardigan, Atlanta / Apex. The cardigans are available in two colors and the polo shirts in four, and the contrast and color choices make it easy to form a unity.

FAMILY

The contemporary expression of the college family is evident. In this family we find the short-sleeved collar Tee Amherst, followed by the modern sweatshirt Cornell and the hoodie Duke. Available in men's and women's styles and in two muted colors.

AVON ♂ 2135024
AVON LADIES ♀ 2125026

Polo pique in combed compact cotton with contrasting tape at neck, placket, side vent and loop at sleeve end. Bicoloured buttons. Contrast colour at reversed side collar. *100% combed compact cotton, 240 g/m² // 900 black, 100 white, 400 red, 600 navy ♂ S-XXXL ♀ XS-XXL*

NOVAHILL ♂ 2132019
NOVAHILL LADY ♀ 2122019

Sweatshirt jacket in heavy jersey with unbrushed inside. Contrasting tape in neck, along zipper and at bottom rib. Front pockets. Half-moon in neck with printed label. 1x1 rib with elastane in rib. ANDERSON ♂ 2135023

ANTREVILLE ♀ 2125025

Polo pique with yarn dyed collar. Contrasts at reversed side collar, placket and sleeve rib. Tape and half moon at neck. // 100% cotton, collar with elastane, 240 g/m²
 // 900 black, 100 white, 400 red, 600 navy
 ♂ S-XXXL ♀ XS-XXL

ATLANTA ♂ 2132018

APEX ♀ 2122035

Heavy knitted cardigan in pique with contrasts at collar and sleeves. – 100% cotton, 320 g/m² // 900 black, 600 navy ♂ S-XXXL ♀ XS-XXL

MORTON HEIGHTS

The polo shirt is year after year one of our most popular items, and we are constantly developing new models to our assortment.

The garment has its origin in the sports world. It broke through in the 1920s and has since developed into a true classic and covered new ground. The modern polo shirt is more distinctly casual than sporty. With a polo shirt, you are well-dressed - without being dressed up, casual without being sloppy. It works equally well as a shirt in certain contexts, and is a more dressed garment than a T-shirt.

The polo shirt has an ageless expression and is useful in many different contexts. The garment works well in the workplace and at the fair. It is also one of our most popular give-aways and a good carrier for your message. It suits both him and her. Depending on what it is combined with this chameleon suits in almost every setting.

The time has come to look over your and your company's polo wardrobe. We definitely have a polo that fits both your purpose and your wallet.

The classy, solid polo shirt Ripley is available in four colors.

Avon / Avon Lady offers four colors with fine contrasts.

Fordham prides itself with coarser texture and a luxurious denim feel of the fabric.

The short-sleeved grey shirt Amherst has contrasts in the button placket and fine details.

Raulins is a polo shirt with the right details. Available in four colors.

The Eagle/Birdie/Albatross boasts a total of 7 beautiful colors in the Lycra/cotton fabric.

Larkford is available for both men and female and boasts a superb quality as well as button down collar.

Morton Heights is one of our most sought after polo shirts. Available in eight colors, just as the female's Semora.

Antreville is sold without the fine embroidery. The men's polo shirt is named Anderson.

MORTON HEIGHTS ♂ 2135025

SEMORA ♀ 2125011

Polo shirt with side slits and matching buttons. Enzyme wash for a softer and smoother surface. The treatment makes the polo shirt pre shrunk. // 100% cotton // 220 g/m²

URBAN EXPLORER

Contemporary nostalgia. The old school, thin slub sweater Stoneton gives a rough worker look.

Our ribknitted scarf keeps you feeling warm and looking cool.

We do love our versatile jeans shirt Jupiter. It is as comfortable at the office it is to walk about.

Keeping the hands warm and the head cool. Nah. Keep the head warm, as well. Stay frosty, though.

The padded lightweight jacket Deer Ridge is nice and warm when needed. When not needed it's easy to bring since it can be folded into its pocket.

Why don't experience greatness right where you are. Find the white areas on your map.

Key elements to this is choosing your equipment wisely. Garments and items with durability that is light weight. Never sacrificing your style. Gear up with stuff that warms your body and soul alike. Go explore!

If you care for your shoes, with waxing and shoe blocks, they'll care for you...

Player's Choice

THE JAMES HARVEST SPORTSWEAR
SHIRTS ARE ALL BUSINESS.

What is so special with a Players' Choice shirt from James Harvest?

It is the distinctive details that make them special, and exclusive.

Each shirt consists of 23+ unique design parts which have been assembled with perfect precision.

Only Quality Fabrics

The shirts in the Players' Choice series consist of 100% combed cotton, spun into fine, thin filaments. The higher the yarn number, the better the feel of the fabric.

The fabric has two yarns spun together to make one, to give added strength and durability. The fabric is then treated with a high quality easy care finish for easy maintenance of the garment.

THE LIGHTWEIGHT DEER RIDGE

1. Insanely Practical

2. Extremely Adaptable

3. Hightech Padding

5. Top Notch Design

Our newest addition to climate control is bursting through the seams with great functions and features. It is very practical with its ability to shrink to a fraction of its volume when compressed. Packing it into its own pocket makes it a great travel companion when migrating between temperature zones. It also very adaptable with a hidden hood and the garment can function both as outer layer or as reinforcement under another jacket.

When the quicksilver drops, the Thermolite® Micro padding will keep you warm and cosy due to its unique lightweight/high insulating function.

They say looks aren't everything, and they are right. It is however something. Deer Ridge is form and function combined.

Deer Ridge Lady

DEER RIDGE ♂ 2131039

Responsibility

The planet is faced with multiple challenges that deserve our common attention. We must all take responsibility for our global impacts in order to make the world a good place.

Sustainable Products

We believe in classic design and quality products - a concept that will never be out-of-fashion. Quality is a good way to ensure long-lasting use and sustainable consumption.

It is extremely important that all items of James Harvest Sportswear are safe and free from restricted substances.

All suppliers of James Harvest Sportswear must follow the requirements in our Restricted Substance List. The list has been designed in accordance with legislations such as REACH, but also taking into account industry recommendations and standards. As a result, our requirements are often stricter than the applicable legislation.

We take part of the Swedish Chemicals Group to receive the most updated information on chemical legislation and developments. With this information we can actively work to reduce and replace chemicals in line with best available technique.

Improving Working Conditions

We are aware of the great responsibility that comes with sourcing goods in countries with different legal cultures and labour conditions.

We must ensure that the business operations of our suppliers respect national requirements as well as international conventions on human rights. A successful work requires devotion and some amount of patience. Many of the challenges we face are global problems like poverty and malfunctioning welfare systems. In this sense, social compliance does not offer a quick-fix.

We believe it is essential to be presented on-site. For this reason, we have local offices in Asia taking care of the everyday-work with supplier auditing, monitoring and dialogue. Our CSR-staffs are educated and well-experienced on labour conditions and environmental aspects of the production sites. Their work is leading the development.

What do we expect from suppliers in terms of labour conditions?

James Harvest Sportswear has adopted the BSCI Code of Conduct, used for members of the BSCI (Business Social Compliance Initiative). It contains requirements on minimum wage, working hours and the prohibition of child labour, amongst several other requirements from international conventions. These are our main requirements

on all suppliers. We also have a commitment towards BSCI to engage our suppliers in third party examination by independent auditors. We consider it a quality assurance to have both internal and external audits.

A BSCI-report is not a certificate. It is a tool for responsible brands to be used in systematic monitoring and improving routines. Even the best supplier could occasionally end up with findings. Social compliance must be controlled and implemented in a management system.

BSCI also enables brands to cooperate. Today, more than 1300 companies worldwide have joined the BSCI. This empowers our voice and influence in the social dialogue.

New Wave Group, our mother company, is a signatory member of the pioneering Accord on Fire and Building Safety in Bangladesh. The Accord is a binding contract between brands, international and local trade unions and NGOs. Its aim is to make all garment factories in Bangladesh safe workplaces, which includes a program of safety inspections and a commitment to ensure that the necessary repairs and renovations are carried out. The Accord is a unique initiative that

will have significant impact on the daily lives of millions of textile workers in Bangladesh. We are proud to be a part of this project.

Child Labour And Poverty

Today, approximately 1 billion people live in extreme poverty – an overwhelming figure. We can never accept this number in our quest for a sustainable society. Extreme poverty is linked to all the major challenges of the world and forces people to make impossible choices between food, medicine, housing and education. It is often a root cause to global problems like child labour and denial of basic freedoms.

Hand in Hand fights poverty with entrepreneurship. The organization aims to create 10 million jobs for some of the poorest residents of

the world. The holistic approach of Hand in Hand includes education and training of women, effective abolishment of child labour, compulsory school attendance and environmental programs with focus on waste management, water treatment and biogas. The work involves whole communities, which gives Hand in Hand a unique impact on the livelihood of all villagers.

So far, Hand in Hand has created 1,7 million jobs and at the current rate, 1000 new jobs are being created each day. James Harvest Sportswear supports Hand-in-Hand with funds to enable three villages to participate in the project. Our villages are located in the textile region of Tamil Nadu in southern India.

More On The Environment

James Harvest Sportswear has two main strategies to decrease environmental impact and to cut our emissions of greenhouse gas. First of all, we must influence the transportation companies that we are working with. Our membership in "Clean Shipping Index" aims to impact the shipping companies to use cleaner vessels by ranking the most high-performing ships. Our group of companies works with some of

the largest transportation companies on the market, all of which have environmental programs in place for their operations.

Secondly, we always strive to improve our internal logistics and work methods. Within our group, we club together as much as possible of our shipments and transportations. In addition to protecting the environment, it also contributes to the streamlining of our operations.

Recycling for a sustainable society

To collect and recycle waste packages is a wonderful way to reduce environmental impact and create cradle-to-cradle circulation. James Harvest Sportswear embraces our producer responsibility and contributes financially to the collecting system where we operate. The Green Dot is our credential of participating in the Producer Responsibility Organization.
